SOLARMAX

PRODUCT SPECIFICATIONS

Shelta has really been clever in designing this brilliant new upmarket cantilever umbrella. It is beautifully crafted umbrella with an easy to use opening and closing mechanism and an almost automatic gliding tilt system. With infinite tilt positions and a 360° umbrella rotation to follow the sun all hours of the day.

FABRIC

High quality O'Bravia Canvas. Highly water resistant. UPF 50+. 3 year fade resistant warranty UPF 50+

FRAME

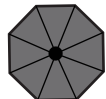

Powder coated Aluminium frame engineered to achieve 60kph wind rating.*

WARRANTY

1 year manufactures warranty on the frame.

INSTALLATION OPTIONS

Choose between on concrete bolt down base or the optional inground base. Due to its heavy construction the Asta is not suitable for a movable base option.
