# PARASHADE

## PRODUCT SPECIFICATIONS

Parashade is the biggest thing to happen to cantilever umbrellas in a decade. Its revolutionary design is modern, minimalist and simply awesome. The Parashade Supreme Range features a 316 grade stainless steel frame, solution dyed polymer fabric canopies which are made in Europe and parallel opening action arms.

### FABRIC

Cederbrook PROOF RANGE of fabric are made from solution dyed polymers, both polyester and acrylic.

### FRAME

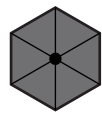

The frame is made from 316 Stainless Steel. The arms are manufactured from custom-extrusion anodised aluminium.

### WARRANTY

The manufacturer warrants this umbrella for 3 Years in commercial applications and 5 Years in domestic applications.

### INSTALLATION OPTIONS

The new Parashade stainless-steel base comes flat-packed for easy installation.
