

COMMERCIAL

PRODUCT SPECIFICATIONS

Commercial shade cloth is a premium monofilament shade cloth made for heavy duty applications. This fabric complies with the Australian Standards for shade and strength and provides accurate shade factors. This makes it suitable for nurseries and other commercial applications.

FABRIC

Our Commercial shade cloth is a knitted monofilament HDPE(High Density Poly Ethylene fabric especially designed for commercial applications.

WARRANTY

The Commercial shade has a 10 year manufacturers warranty against UV degradation. Warranty relates to workmanship and does not include misuse or wind damage.
